

Bibliografia materiali e metodi

- 1) **Recent advances on chitosan-based micro- and nanoparticles in drug delivery**, S.A.Agnihotri, N.vN. Mallikarjuna, T.M. Aminabhavi, J. Contr. Rel 100 (2004) 5-28.
- 2) **Transmucosal macromolecular drug delivery**, Alonso M.J. et al., J. Contr. Rel. 101 (2005) 151-162
- 3) **Polisaccaride colloidal particles as delivery systems for macromolecules** Tobio M., Sanchez A. et al., , Adv. Drug Del. Rev. 47 (2001) 83-97
- 4) Am. Chem. Soc. div. Polym.chem. 31 (1990) 628-629
- 5) **Effect of chitosan on the permeability of monolayers of intestinal epithelial cells (Caco-2)**; Artursson P., Illum L. et al., Pharm Res. 11 (1994) 1358-1361
- 6) **Chitosan as absorption enhancer for poorly absorbable drugs 2: mechanism of absorption enhancement**; Shipper M.G.M., Artursson P et al., Pharma. Res. 14 (1997) 923-929
- 7) **Chitosan as absorption enhancer for poorly absorbable drugs 3: influence of muco on absorption enhancement**; Shipper M.G.M., Artursson P et al., Eur. J. Pharm. Sci. 8 (1999) 335-343.
- 8) **Drug carrier for the 21 st century – review**; Paul W., Sharma P., Chitosan: - S.T.P. Pharma. Sci. 10, 1 (2000) 5-22
- 9) **Formulazioni innovative e nuovi insufflatori per la somministrazione nasale di farmaci**; Cagnani A., Tesi di dottorato, Parma (2003).
- 10) D.E. Koppel, J Chem. Phys., 57 4814, 1972.
- 11) **A modulated adiabatic scanning calorimeter (MASC)**; G. Salvetti, C. Cardelli, C. Ferrari, E. Tombari. Thermochimica Acta 364 (2000) 11-22.
